

Curriculum Map

Enrich ~ Empower ~ Ignite

Year 2
Summer 2

English		Books	Mathematics
In English in Summer 2, pupils will be reading a picture book called 'Into the Forest' by Anthony Browne. The children will be writing their own traditional tales, myths/legends based on King Arthur and newspaper report.		Into the Forest King Arthur	This half term, we will be learning about time, statistics, and position and direction.
Spelling	History		DT
This half term we will be concentrating on suffixes and prefixes such as -ment and -ness.	In History, Year 2 will be learning about the suffragettes with a focus on Emily Davidson. They will also be learning about the struggle for Black rights in Britain with a focus on Paul Stephenson.		In DT we shall be learning about food groups and how to create a balanced meal. Year 2 will get the chance to explore different flavour combinations before designing and creating their own wraps.
Religious Education	Computing		PSHE/Computing
In RE, following on from our unit looking into how and why some people pray, we will now explore the different religious and non-religious places that people pray.	In Computing we shall be looking at how Stop motion videos are created and create our own using the tablets.		We will be covering an e-safety unit focusing on where to share our data online, how to keep our data safe and recognise when to deny permission to use our data.
Homework	Science		PE
<u>Reading</u> = read at least three times a week. Record in your reading record. <u>One Minute Maths</u> = Recorded in your reading log a minimum of three times a week. Aim for at least 10 minutes in total. <u>Year 2-Spelling</u> = spelling sheet sent out on a Tuesday. No weekly spelling test.	Our topic this half term is Growing Plants, the children will be able to explain what plants need to grow, describe how they grow from seeds or bulbs, identify how to keep plants healthy, and talk about simple investigations they have carried out.		In PE, Year 2 will develop their athletics skills through running, jumping and throwing activities in preparation for Sports Day. Children will focus on improving their speed and coordination,
