

Foundation & KS1 Christmas Nativity Performances

Dear Parents and Carers,

The children's nativity performance is without doubt one of the highlights of the school Christmas Calendar, giving parents and families memories to treasure forever.

This year I'm delighted to inform you that a local Business, **Chiltern Videography**, have very generously donated their time, and expertise for free! The company have agreed to film, and edit the Foundation & KS1 nativities. The productions will then be transferred onto DVD's for families to purchase, making a great memento for parents and other family members, especially for those who are unable to make it on the day.

I am advised by the company that the mastering process takes approximately two weeks to complete. Chiltern Videography are able to provide a digital copy for every person buying a DVD which means you will be able to a video file of the production in time Christmas.

DVD's, including a copy of the video file are available to order for **£9.00 each**. Chiltern Videography have agreed to donate £4 of this cost to FHPS, and therefore it is a fantastic fundraiser for Friends too! If you would like to order a DVD please complete and return the slip together with your payment to the 'Friends' barrel located in the school office **no later than the 11th December**, the company won't be able to accept orders after this date.

Friends will also be providing and serving refreshments at both productions. I am looking for a couple of volunteers to help with this for each production. If you can help, please email me at Friends.hughendenprimary@gmail.com

Kind Regards
Mrs Alex Hollman
Chairperson of Friends PTA
