Dear Parents / Carers

We are writing to draw your attention to the ongoing problems of parking outside the school.

Never leave your child alone in a vehicle, not even for a minute, by doing so they could be at risk of heatstroke, being trapped inside or taken from the vehicle. We would like to thank those parents who consider the safety of the children and respect the community and neighbours of the school by driving and parking considerately when dropping off and collecting their child.

Unfortunately, there are some parents who continue to park in a dangerous, illegal or inconsiderate manner. Police will take action against people who:

- Park on double yellow lines (whether a person remains within the vehicle or not).
- Park on the zigzag lines outside the school.
- Park within, on or near a junction.
- Block access to a property or driveway marked by a dropped curb.
- Use abusive or threatening language or behaviour towards police officers, police community support officers (PCSO's), staff members or local residents.

The neighbourhood policing team are working with the school to find solutions to the parking problems. The majority of schools around the area have similar issues which are only resolved by a parent's willingness to consider the safety of their child and other children of the school by parking further away and walking for a couple of minutes to the school. No parent has a right to contravene parking regulations for any reason.

We would like to thank the majority of parents/carers that are parking safely, legally and considerately and especially those who walk their children to school.
