

SING ONE SONG by Laura Druce

VERSE 1

When I woke this morning, the world was so bright,
My heart is flying, my soul is alight.
We've been travelling all night and all day,
If you listen you'll hear us say,
Only music can light our way.

CHORUS (*brackets – part 1 and 4 only*)

(And we'll) sing one song together tonight,
(It's where) we belong together tonight.
One song, one love, tonight. *ACTIONS: 1 index finger, fingers make heart, arms rise*
(And we'll) sing one song together tonight.

VERSE 2

We come from all countries, we come from all towns,
We love our planet, one world, spinning round.
We'll be striving all night and all day,
If you listen you'll hear us say,
Only music can light our way.

CHORUS – *as above*

BRIDGE (*Canon*)

Feeling the power, (2: feeling the power of sound)
Building a tower,
Of sound. (3 + 4: feel the power, feel the power, feel the power!)
Happy we met, (2: happy we met, what we found)
Never forget,
What we found. (3 + 4: feel the power, feel the power, feel the power!)
Feeling the power, (1 + 2: feeling the power, building a tower, we will never forget)
Building a tower. (4: Feeling the power, building a never forget)
Now that we've met,
We will never forget.

If you listen you'll hear us say,
Only music can light our way.
