

Hughenden Primary School

Working Together, Empowering Lives, Enriching Minds

As you know your children have been learning phonics as part of their literacy skills and we would like to invite your child to a sponsored phonics.

All proceeds will go to improve our outdoor area, including a new "reading nook and story" area.

A list of phonic sounds will go home with your child to practise (these will be sounds we have already covered and new sounds). On the 27th of April we will hold an outdoor Phonics day where the children will show us how *super* they are with their phonics. Children may be asked to write, identify or find the phonic sounds to encourage everyone to join in. The results will be sent home the following day and we will look forward to receiving their sponsorship money.

Kind regards
The Foundation Team
